

My simile monster's body is as round as a wheel
His head is as small as an ants
Eyes as ponity as a dog claw
A nose as skinny as a pencil
Teeth as scary as the dark
Skin as green as grass
Fingers as blue as lighting
Feet as sharp as vampire teeth

In creating my simile monster I used many elements of art. I used color that was joyful, and I also used shape and texture. I loved making my simile monster.
